INCORPORATION OF FOUR NEW CITIES IN STATE RECENTLY POINT OUT THE TREMENDOUS GROWTH OF CALIFORNIA

Incorporation of four new cities in California since 1951, is only one indication of the tremendous growth of the state in the past 30 years. Incident with growth problems is the increase in city and county receipts and payments which, says the annual report of financial transactions concerning cities and counties of California from Robert Kirkwood, State Controller, must be viewed in light of the State's history for the past 30 years.

During the period responsible for increased revenue and payments—30 years of the most powerful history of the United States, including two actual wars and Korea, the big depression, the curtailment and release of vital building materials, the expanse of defense industries with their tremendous payrolls and the decrease in the purchasing power of the dollar—the population increased over 200 percent and property valuations nearly 300 percent.

But this is not responsible for the increase in city and county receipts and payments, the report states. A change is the conception of services demanded from government is largely responsible. New cities are formed to acquire the benefits of services more readily attained by incorporation, and the extension of these benefits—police, fire, sewer, water, etc. swells the total of cash transactions. Retirement systems, practically unknown in 1920 and 1930, are now an integral part of many cities and counties and serve to attract and keep employees. The cash transactions of these retirement plans cover both governmental cost and the employee contributions and increase total receipt and payments correspondingly. School and welfare requirements have advanced rapidly in the period shown and federal subsidies for these services represent part of the vast cash increase, the annual report goes on to say.

This city, (March 28, 1952) along with three others: Fontana in San Bernardino County, (June 24, 1952); Carlsbad in San Diego County, (July 16, 1952) Los Altos in Santa Clara County, (December 1, 1952); Buena Park in Orange County, (January 27, 1953) and the most recently incorporated city, Ione in Amador County, (March 23, 1953) is still in the midst of problems of meeting the requirements of additional population.

California's population in the 30 year period increased from two and a half million in 1920 to 7,803,760 in 1952. It's assessment jumped from two and a half billion dollars 30 years ago to 10 and a half in 1952; its receipts are up from approximately 88 million in 1920 to 973 million in 1952 and its total payments went up from 76,747,096 to 945,327,360 in 1952.

DIXON, GORMAN NEW GRAMMAR DIST. TRUSTEES

John Dixon and Mrs. Nancy T. Gorman became new members of Campbell Elementary School Governing board when voters gave Dixon 280 votes and Mrs. Gorman 252, in the school board trustee elections last Friday. Dixon and Mrs. Gorman ousted incumbent Edwin C. Van de Mark who received 238 votes and Lee L. Anderson with 201.

Raymond B. Bishop, incumbent of Campbell High School District, retained his seat with 323 votes over candidates Mrs. Betty Meritt, 231, Howard E. Lillingston 139, and N. A. Abinante, 138. Write in candidate William Glennon received 16 votes.

William Glennon, of El Quito Park area, a Moreland District write-in polled a strong 153 votes against Mrs. Virginia Lagass, incumbent, who was re-elected to the Moreland School District board of trustees with 175 votes.

Dixon, new Elementary School District Trustee, of 350 Bradley Ave., San Jose is employed at Owen Corning Fiberglass Company as an electrician. He has been active in school and community affairs, being a member of parent teacher's Association, Men's Club and a leader in boy scout work.

Mrs. Gorman of Henry Ave., San Jose, has also been active in school district affairs.

CO-OP DRYER HEAD SPEAKS AT ROTARY MEET

Hermann Gerdt, superintendent of Campbell's Co-operative Dryer and Westside Corporation, member of California Prune and Apricot Growers Association, was the

HERMANN GERDT
... Rotary Speaker ...

guest speaker for Campbell's weekly Rotary Club meeting this week.

Subject of Gerdt's talk was the operation of the Campbell plant which services the area's prune, apricot, peach, pear and nectarine crops.

Gerdt, a former representative for Burroughs Adding Machine corporation has traveled the world representing the company.

Campbell residents, boosting their own town, have claimed the Campbell dehydrator as one of the largest in the world, Gerdt said, but he told Rotarians that the Campbell Plant is the largest in the world.

During the rush season the plants employ 125 women, 40 men, but only six during the off season, he said.

The dehydrator employs 130 people but only three full time.

One of the greatest problems during the rush season, Gerdt said, is the labor problem. Mexican labor, which the plant uses during the busy season, far from being the "cheap" help which most people consider it, he said, is costly because new crews are used every season.

The cooperative dryer is communally owned. The dehydration counsel is G. K. Schraeder, who does research.

Gerdt stressed the fact that one must be a member of California Prune and Apricot Grower's Association to be a member of Co-op dryer.

He also mentioned the advertising program the association is presently putting on, stressing the health value of prunes and apricots.

Canned prunes are now available he said in limited quantity as an experiment.

TWELVE TEACHERS NEEDED FOR LOCAL SCHOOL DISTRICT

Campbell Union School District still has twelve teachers to hire for the 1953-54 school year, William C. Henley, District Superintendent said today.

These include a special music teacher, an art teacher as well as classroom teachers. Six offers of employment are currently out and 22 new teacher have been hired, he said.

Henley said the adoption of an increased salary schedule, raising the starting pay of beginning teachers to \$3600 and possible increases with training and experience to \$5200, has put the Campbell Union School District in a very favorable position relative to other schools of the area in the gaining and holding of teacher personnel.

Local Buildings Get New Look During Cleanup

Coinciding with the cleanup campaign in the city generally, the Campbell post office, under the direction of Postmaster Ira Grim, is undergoing a new look with fresh new paint brightening the Campbell Ave. building inside and out.

Postmaster Grim, following Postal Bulletin of March 31 relative to "Clean Up Week for Post Offices," chose this time of general city cleaning in which to take constructive action to make the post office premises more attractive to the citizens of the community.

The new look at the post office consists of a new coat of grey paint on the stucco walls, a white border around the golden eagle beneath the staff bearing the United States flag, and the eagle itself is resplendent in a new gleaming golden color.

Inside the building a soft clean white subdued by the overhead neon lights makes an altogether pleasant place to transact postal business.

Aero Pharmacy on Winchester Ave., too, has blossomed out in fresh new white. After the store closed for the night, three painters carefully covered the stocked counters and shelves, rigged their ladders and platforms, and with busy strokes completely resurfaced the entire building.

COUNCIL SCHEDULES PROCEDURE FOR ASSUMING SANITARY DISTRICT SEWAGE DISPOSAL RESPONSIBILITIES

Steps taken this week to transfer duties of old Campbell Sanitary District to the City of Campbell included:

(1) Resolution of termination by Sanitary District board of directors.

(2) Acceptance by City of Campbell

(3) Negotiations with Sanitation District No. 4 for maintenance service.

(4) Work on rough draft of Sanitation ordinance following closely that used by Sanitary District, containing provisions for permits, connections, rate schedule requirements and other provisions necessary when city takes over duties of the former district.

Week's schedule was set up at Monday night's council meeting at which Ernest A. Wilson, attorney for Sanitary District, and Walter Silberbauer, member of Sanitary District board of directors were present.

New ordinance will provide a working base for city to handle new duties, resulting from dissolution of Campbell Sanitary District last January 12 with annexation of Prestigiacom property, last portion of district outside city limits.

Administrative responsibility such as billing and other functions will also be handled by the city.

Campbell council decided at Monday's meeting to stand firm on its request for its share of fire taxes collected by the county since July 1, the date the city officially assumed fire protection duties. The \$3900 already apportioned by the county, represents city's share of the physical assets following incorporation the mayor said. Since July 1, the county has been collecting taxes of which the city rates its proportionate share, the mayor said.

REPRESENTATIVE IN CONGRESS
TENTH DISTRICT, CALIFORNIA

Recent guest speaker at an 83rd Club breakfast was Secretary of Agriculture, Ezra Benson. In an "off the record" and informal discussion, Mr. Benson briefed us on the many problems his department has inherited and how he hopes to solve them. Mr. Benson is obviously not a politician—just a practical farmer and businessman who likes to go straight to the point. Though his directness may at times be embarrassing to the politicians, I believe it will be best for the country in the long run.

In case you are wondering, the 83rd Club is made up of Members of Congress who are serving their first term in this 83rd Congress. We have heard Vice President Nixon, Lou Deschler (House Parliamentarian) and numerous other well-qualified people. President of the Club is Congressman Charles Jonas of North Carolina, the only Republican ever to be elected from that state.

Other states from the Deep South which are customarily Democratic, but now have Republican representation are Kentucky with 2, Missouri with 4, including Jeffery Hillelson, from ex-President Tennessee with 2, Virginia with 3, Tennessee with 2, Virginia with 3, including ex-college football player.

ver globe and eagle with wings outspread. The present Mace was constructed in 1841, the original having been destroyed by the British as they burned Washington in 1814. It is a symbol of authority, derived from the old Roman Fasces (a bundle of rods containing an axe), and was the namesake of the Fascist Party in Italy. The British House of Commons adopted the symbol, changed its name to the Mace and our House of Representatives followed suit. At a regular session of the House, the Mace is on a tall green marble pedestal, but when we are meeting as a committee of the whole, it is placed on a lower white pedestal. On at least one occasion (1847), the Mace was placed between two angry members about to exchange blows, and order was immediately restored. Today, the Mace is considered to be one of the most treasured possessions of the House of Representatives and is constantly guarded. More next week about your Nation's Capitol.

He attended the University of Santa Clara in California. His parents, Mr. and Mrs. John P. Kwasigroch, live at 71 N. Hardy st., Campbell, Calif.

Attending the U. S. Naval Electrician's Mate School here is Roy B. Nelson, fireman, USN, son of Mr. and Mrs. Hugh G. Nelson of 131 Dillon ave., Campbell, Calif.

During the 14-week course the student is taught the repair, maintenance and operation of all modern Naval electrical equipment. Additional studies include the preparation and use of electrical blueprints and wiring diagrams.

THE GREAT FIASCO ... TV viewers were treated to a rare bit of theatrical horse-play last Friday night when a fat old man and an awkward younger fellow stumbled around a square enclosed only by ropes for 2 minutes and 45 seconds before the fat old man decided that he had earned his quarter of a million dollars, folded his tent and stole away into the night of fistic oblivion. Ah, yes, 'twas a far cry from the days of my youth when heavyweight boxers were viewed with awe and every kid had a favorite ... but that was before old demon television stepped into the picture and forced the brutal truth down our heretofore gullible little throats. Now we can see our erstwhile heroes in a true light. It's getting so about the only characters you can depend on to stay the way you think they should are the comic strip buffoons. After all, you don't see Joe Palooka getting that spare tire around his tummy, do you?

Speaking of spare tires, by the time you read this, Tony Cefalu, the Likker and Sport Shop man, will have drifted back into town after about a week of leisure in the smoggy southland ... Don't know just what that has to do with spare tires, but you gotta start a new paragraph off somehow, boy!

Say, things were really poppin' around here this week on the big Paint-up, Clean-up campaign ... You've never had it so clean as Lowell Benson likes to say (He does a little cleaning himself, you know) ... Now, how about you, neighbor? Did you get that burg of yours fixed up for the Summer? Soon it's getting hot already and then who is wanting to be working?

EL PARADISO COUNCIL INSTALLS NEW OFFICERS AT LUNCHEON MEETING

Four past presidents and one honorary life member were the honored guests when the El Paradiso Council of the 6th District P. T. A. met for a luncheon meeting at the Villa Felice on Friday.

Highlighting the meeting was the installation of the new officers by Mrs. Leslie Wilson, Historian for the Calif. State P. T. A. Serving the Council next year will be Mrs. Richard O'Flyng of the Campbell Grammar School, President; Mrs. B. L. Penner of Van Meter, Vice President; Mrs. K. L. Vitzler

of Campbell High School, secretary; Mrs. Leonard Merritt of Cypress, Treasurer; Mrs. Gerry Ginney of Moorpark, Financial Secretary; Mrs. Vince Garrod of Saratoga, Historian; Mrs. Royal Page of Campbell Grammar School, Auditor; and Mrs. R. L. Allinger, of Moreland School Parliamentarian. As the new president, Mrs. O'Flyng was presented with a pin by Mrs. George Robertson, who in turn received the pin of the past president and a gift in appreciation for her services throughout the year from Mrs. Ray Martin.

Each of the 14 school units were represented at this meeting and introductions of the new unit presidents, principals and superintendents from each were made by the past president of the unit.

Mrs. O'Flyng announced the following chairmen for the coming

purchases ... It's a gamble for Joe but it all adds up to a real break for local housewives who are trying to save a few nickels.

THE CHANGING SCENE ... Sam McReynolds, lately of Phoenix, and a Shell Service Station man for twenty years, is the new operator of the Shell Station, corner of Winchester Road and Campbell Avenue ... Sam lives in the Cambrian district, is married, and has three daughters.

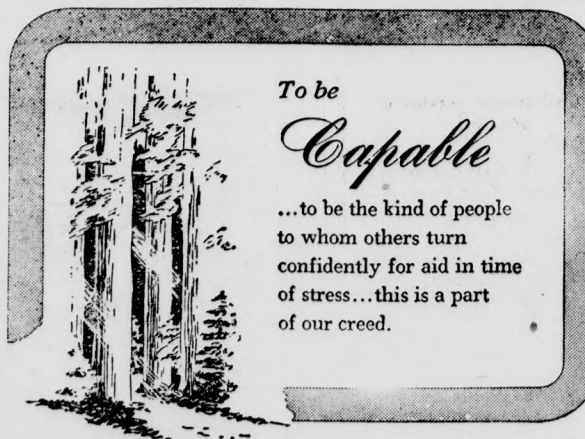

Nick Di Muzio, our local Upholsterer, has finally, FINALLY, that is, found a two-bedroom house in Campbell and is due to move his wife and daughter up this way shortly ... He will occupy the place being vacated by Dr. Fritz Snyder, who is changing his residence to the East San Jose foothills (Wherezat?)

High School Nine Ends Season, Track, Golf On

Baseball at Campbell High School last week bowed out of the local sports picture, dropping the finale to Los Gatos, 3-2, but swimming, track and golf continue on the schedule for tomorrow and Saturday.

CUHS ended the season 2 1/2 games behind league leaders Mountain View and James Lick, who make up their postponed contest tomorrow. Campbell stands at three wins and four losses. Mountain View and James Lick have five wins apiece. Lick has lost two, to Mountain View's one. Los Gatos and Santa Clara also have a game to make up, but since the outcome would have no bearing on league standings, it may be permanently postponed.

Track loop finals will take place on the Fremont cinders tomorrow. Fremont and James Lick currently reign as loop favorites, but Campbell, a dark horse, still has a chance to cop a few laurels.

CAMPBELL HI-LITES

by Bob Olson

Even the most modest of us appreciate an occasional compliment; we all turn to our job with new zest after someone has said, "Well done!" And so, in these last weeks of a very full school year, this column will be full of kind words for many Campbell High-schoolers deserving of praise—for the "linemen" who do the blocking for the rest, who, "like backs" make the touchdowns and win the "most valuable player" awards."

This is not being done with the idea that "Flattery will get you everywhere,"—or in such soft soaping fashion that you can't see the people for the suds. It is true that some people do pay compliments as though they expected receipts! But believing, like Mark Twain, that most of us can live for two months on a good compliment, and that what really flatters a person is that you consider him worth flattering in the first place, we cast these roses on the cool pavements of Campbell:

TO BOB SHOCKLEY for all the signpainting he's done this year in the effective advertising of high school events. Most of the time you find his name only on the signs he paints or clever cartoons he sketches. Too bad Bob wasn't still eligible for track this year: Who can forget his terrific high hurdling last year when he placed in the SCVAL finals?

TO KEN MELEEN and his student body supply commission. He seemed to be always checking in, checking out, or making another inventory of football, basketball, or track equipment, the choir robes, or the band uniforms. He's as dependable and efficient as an electric alarm clock; it is hoped that much of his conscientious attitude will rub off on his younger brother who eventually we be taking his place.

TO ALL THE PEOPLE "BEHIND THE SCENES" making last Friday's Prom the beautiful success it was—like Mrs. Charlson's unbelievably patient and efficient refreshment crew which was made up entirely of underclassmen. While the rest of us were dancing or enjoying the refreshments, DONNA VROOM, BEVERLY STUCKEY, ROBERTA MERCER, DOLORES DERINGER, MYRA RANDOLPH, GEORGIA CARTER, BETTY LEWIS, BETTY HATTEN, ROLENE EIKMANN, and BETTY MCGARRY were as busy as beavers serving punch and placing petite fors and ice cream stars before us. Thanks

girls; we hope the few "souvenirs" you were able to glean made the evening memorable for you too.

And deservant of thanks also are BARBERA WINTERS GAIL ROBERTSON, JANICE POLGAISE, JULIA HOAGLAND, VEDA THOMPSON, and ALICE MONROE who ran the Prom's check stand with complete efficiency and no lost articles. They were kept mighty busy checking in and out coats, capes, furs, stoles, camera, purses and corsage boxes. In spite of a few forgetful swains who lost their checks, everything was identified and returned to its rightful owner by midnight.

An how about a bouquet of roses for CASEY CLARK, that all too unpublishized varsity miler who improved by leaps and bounds this season? He has terrific potentiality; when he learns to run on the heels and balls of his feet he'll be a world-beater. Even on his toes, like a ballet star, he's a mighty challenge.

We never see Coach Fred Cugat's name in the paper either. By now you must have heard, though, about that wonderful swimming team of his—undefeated in the varsity dual swimming season. Cugat is a walking sports encyclopedia and an expert on automobile maintenance (he ought to be; he's got three of his own to take care of). Ask him anything about sports or sports cars, baseball or Buicks, stadiums or Studebakers, and he'll come forth with a ready answer. No one is ever bored in the presence of Mr. Cugat, in the driver's ed classroom or the pool. He's been reading the sports pages since he was six—which must be at least twenty years ago. He could go on "Information Please" with John Kieran.

And how about all the fellows on the "C" teams who prove that if you want to be the top banana, you do have to start at the bottom of the bunch? Fellows like Danny Koltstertoy, Aa alFoah -bHborU Zanvetter who shot puts and runs his heart out on the 100 and 220 as well. Remember the name, Zanvetter. We'd be willing to bet that all his hard work is going to pay mighty dividends one of these days.

TO JON DORMAN who walked off with the singles tennis championship of the Santa Clara Valley Athletic League last Friday with 6-4 and 6-3 victories over Fremont High's ace, Dave Hill. AND TO COACH DRUMMOND and his other tennis team boys who have at least "put a scare into" anyone they didn't beat this season. Not stars like DICK CARTER, BOB STUBBE, and ERIC PROTICA give any court stars some aces to remember.

TO BILL MONTERO, right half back on last fall's championship football team. It was his aggressiveness and clean blocking that set our other scat backs free on long gainers all season. He's a mean player in a sportsmanlike fashion and runs hard himself. When he smooths out his defensive tackling and keeps his head high, this 180 pound husky is going to be terrific; we pick him for all SCVAL next year; some claim he was Campbell's best 52-53 back. Thanks to his dad, Bill's also a judo expert. We sure wouldn't want to try tackling him, in any sense of the word.

TO COACH GEORGE MISKULLI, Campbell's all-year round coach. He's ALWAYS "working with his boys" in either football, wrestling, or baseball—and is a popular classroom teacher as well. He's never been absent since he came to Campbell; certainly he's the embodiment of the good health he preaches. Reminding some people of a teddy bear, we'd just say that he was a bearcat for work.

TO MR. GARTH NORTON and his surprisingly talented three-man photography crew. All year long they've been shooting wonderful pictures of all the school's scholastic, athletic, and musical events. The only credit they ever ask is one for "Campbell High Photos in the lower right hand corner."

TO MISS CARSON, a kindly helpmate no matter how rough the encyclopedic quest. She proves that all librarians aren't crabby, that an intellectual can be wise as well smart, and that to be happiest yourself is always to be doing for others. Miss Carson had a birthday the other day and some of her most appreciative admirers presented her with a two-candled cake claiming that it "was as light as the librarian's laugh and as sweet as her temperament."

Fladager Family Get Home Gifts

When the doorbell rang at the home of Mr. and Mrs. T. G. Fladager, 140 Union Avenue, the other evening they were overwhelmed by the number of their friends who had gathered to surprise them with a housewarming party.

The evening began with a tour of the new modern home which was designed and built by Mr. Fladager. Later, cards and games were played followed by refreshments. The group presented the couple with an occasional chair to grace their sunken living room.

Those present were Mr. and Mrs. J. O. White, Mr. and Mrs. Leslie Orford, Mr. and Mrs. Barney Barnes, Mr. and Mrs. Roger Emerson, Mr. and Mrs. E. J. Corbin, Mr. and Mrs. Ward Johnson, Mr. and Mrs. Robert Brasfield, Mr. and Mrs. E. F. McHale, Mr. and Mrs. L. W. Critchlow, Mr. and Mrs. Dale Lloyd, Mr. and Mrs. Kenneth Williams, Mr. and Mrs. Russell Little, Mr. and Mrs. Perry Williams, Mr. and Mrs. Glen Robinson, Mr. and Mrs. John Freier, Mr. Torsten Fladager and Mrs. F. A. Williams.

Those contributing to the gift but unable to attend were Mr. and Mrs. Roy Acredolo, Mr. and Mrs. Dale Williams and Miss Anne Miller.

PERMIT, LICENSE REQUIRED FOR SALE OF FIREWORKS

Campbell Fire Chief Jack B. Scott, anticipating advance sale of safe and sane fireworks within the city, said this week that firms or individuals wishing to sell approved fireworks must first apply for a permit from the Campbell Fire Department.

Any merchant handling miscellaneous merchandise, who are now licensed will not be required to pay an additional fee, he said, but any new enterprises for the sale of safe and sane fireworks must secure both license and permit.

And last, but far from least, TO MR. RALPH NODDIN, former coach, raconteur, physics teacher, and student council advisor, who, rumor has it, is leaving CUHS this year and retiring to the valley. He's probably right when he brags that we'll need two men and a woman to replace him. He's been industriously working for Campbell High without interruption since October, 1921 (before some of us were even born!) You can learn a lot about students, teaching, and extra-curricular management in all that time, and he has. His present job, that of preparing for the annual School Carnival, to be held on Friday, May 28th, outside the new Ag Building, is typical of his direction. There'll be twenty-three booths and three hour of surprises in the form of telegrams, photography, and throwing games. Running from 1-4 P. M. the carnival will feature a hat contest, hats being displayed by any interested students and judged by eight secret judges, with the winner promised a worthwhile prize. In the evening, the sophomore class is a carnival dance.

The Girls' Sports, Swimming and Modern Dance Clubs will hold a joint pot luck dinner on Wednesday, May 27th, at 5:00 P. M. in the dance studio. Since dinner will be prepared and served by the girls themselves, it will cost only 10c per person. Former P. E. teacher, Miss Howes, who retired from Campbell last year, will be guest of honor. Others to be honored are "star representatives" from each group.

LOCAL SAILOR SAVES LIFE OF 5-YEAR-OLD BOY

RAY KUYKENDALL ... off duty hero ...

Ray Kuykendall, seaman First Class, U. S. N., home on leave after 18 months overseas at Guam, may not receive a medal for his off duty bravery, but he's a hero to his sister's family, Mr. and Mrs. Raymond Friar, of 250 Winchester Road.

Ray was credited with saving the life of five-year-old Billy Friar when he fell into the water from a raft while on a family vacation at "Old River" last week.

According to Mrs. Raymond Friar, the sailor's sister and mother of 5-year-old nearly drowned victim, Kuykendall and Mr. Friar were in a boat across the river, when the little one tumbled off the raft and cried for help. Kuykendall dived from the boat, swam across the river, and hauled Billy to safety.

Cambrian Teacher Laid To Rest

Cambrian School was closed all day yesterday to permit teachers and children to attend the funeral of William John Hennessey, 27, seventh grade teacher who was instantly killed Sunday when his car skidded off Almaden road near Redmond Ave.

Last rites were held at 9:30 yesterday morning at Roller and Hapgood Mortuary, at Palo Alto. Interment was at Alta Mesa Cemetery near Mountain View. Survivors include his mother, Mrs. Howard B. Clarke of Palo Alto; his father, William Hennessey, of Cardia; and a sister, Mrs. Dan Jackson, of San Jose. He was unmarried.

California Highway patrol reported the car left Almaden road on a curve, knocking down a power pole and a mail box. The vehicle was demolished.

CALIF. SUPPLY BLUE STREAKS DROP HOT ONE

California Supply Co. "Blue Streaks" softball team dropped a torrid 3 to 2, 12 inning, to Menlo Motors at Redwood City Tuesday night, to start off their California State Softball league season on the wrong foot.

The "Blue Streaks" started in like they meant business scoring two runs in the first inning on Buster Fontaine's double, singles by Jake Wood and Bill Benovich and an error, but after that were held in check by Vern Grafton, ace of the Menlo Motors pitching staff.

Singles by Ellery Williams, former Santa Clara University athletic ace, Grafton and Dick Clegg, ex-Stanfordite, tied the score in the last half of the seventh inning. A walk to second baseman Belomi, Pearce's sacrifice and a single by catcher Paul Apostolou counted the winning run with one out in the 12th.

THE CRACKER BARREL

Well, howdy folks... This is your old friends Art and Horace talkin'. Startin' this week, we'll be right in this spot in your paper to do a little yarin' with you. Feller from the paper talked to us about advertisin', and we says, "Well, we don't know a darn thing about advertisin', but we'd sure like to do a little talkin' to the folks every week," so here we are.

We decided to call it THE CRACKER BARREL, 'cause after all, our store is a mighty small one, and it kind of reminds us of the old friendly little grocery store back home that used to have an old pot-bellied stove with a cracker barrel in the corner and a big old gray tomcat curled up in front of the stove. Now we ain't got the brand new lights and fancy counters that you see in some of these big Super-duper markets — but folks, when it comes to prices, why that's a horse of different color. We keep our prices just as low as any of 'em and also, by golly, we always give you a fair deal when weighing your meats and foods...

So, neighbors, if you get a little tired of some of these big high-falutin' outfits, just drop in and pay us a visit and save yourself a whole lot of money in the bargain to boot. Here's some of our extry special bargains for this week...

Scroggins, an interesting demonstration of small craft will be given to the public. Wm. H. "Bill" Budd, Asst. Director of Safety Services, Pacific Area, of the American Red Cross will demonstrate canoe handling. A specialist in this line who has toured all the important Western American rivers, shooting rapids and other stretches of "white water", Mr. Budd is well qualified to present the skills which will include launching, position, swamping, capsizing and re-entering, buoyancy demonstration and other remarkable characteristics of the canoe.

Surf-board demonstrations will show the main strokes; prone, kneeling and sitting; stopping, turning; standing position and the use of the board in rescue work. This entire evening program is being presented in the interest of safety and more enjoyment through the proper use and care

'Press Service Locates Watch

An exchange of telephone calls, Monday of this week, while it lost money for the Campbell Press made two different families very happy.

As soon as the Press doors opened for business Monday morning, Mrs. H. T. Kolte of 1158 South Sixth Street, San Jose, telephoned and wanted to insert a classified ad.

She had lost an expensive wristwatch, Sunday morning, she said, after attending Church services at the Campbell Congregational Church.

This watch, she explained, was no ordinary watch. Besides being a very expensive swiss movement, it had a sentimental value for exceeding its true value, and she was willing to offer a substantial reward for its return.

The watch was associated with her husband, Henry's, return from the China, Burma India theater of operations of World War II, she said, and was bought with money saved during three years of fighting in that section.

"I'm so thrilled," she said when the Press relayed a telephone call later in the morning from Mrs. Neilson of 124 North Central Ave. who had found the watch on Central Ave.

Mrs. Neilson said she was happy to have found the owner so quickly.

The Press cancelled both ads of course, but it too was happy that it can be of such service.

Refreshments at the last meeting consisted of a "Pie Social". Committee members were Mr. and Mrs. Herbert Shadle, Mr. and Mrs. Earl Dodson, and Mr. and Mrs. Clifford McCoy.
